

Data and Privacy File Guides

Other data: People

September 2025

File name People.csv

File description This file contains information about your location sharing relationships with friends and family and information about location-based notifications you have configured regarding their location or changes in your own.

Why Apple keeps this information Apple retains this information in order to provide the service, to understand user behavior and preferences, to measure feature performance, and to improve software design.

Follower Information

Contains information about the follower relations of the user. A follower is someone who is subscribed to a user's location updates.

Field Name	Details
Follower Created Timestamp	Date and time when the follower was created
Follower Update Timestamp	Date and time when the follower was last updated
Invite Source	Whether a location sharing request was sent from Find My, Messages, or AirDrop
Is Child Account	Whether the location sharing request came from a child Apple Account
Owner Contact Info	The user's email address and/or phone number used to send or receive the location sharing request

Following Information

Contains information about the following relations of the user. A following is someone whose location updates the user is subscribed to.

Field Name	Details
Following Relation Created Timestamp	Date and time when the following relation was created
Following Relation Update Timestamp	Date and time when the following relation was last updated
Invite Source	Whether the location sharing request was sent from Find My, Messages, or AirDrop
Is Child Account	Whether the location sharing request came from a child Apple Account

Field Name	Details
Owner Contact Info	The user's email address and/or phone number used to send or receive the location sharing request

Fences Information

Contains information about fences the user has set up for friends and family, as well as those set up for the user by friends and family.

Field Name	Details
Fence Address	The address of a fence
Fence ID	Fence identifying number
Fence Latitude	The latitude of a fence in decimal degrees
Fence Longitude	The longitude of a fence in decimal degrees
Fence Name	Fence name as specified by the user
Fence Notification Type	The type of fence notification (e.g., whether it is notifying you or your friend or family member)
Fence Radius	The radius of a fence set in the default distance unit (e.g., metric, US, or UK)
Fence Request Status	The status of a fence request (e.g., whether it is HIDDEN, PENDING, ACCEPTED).
Fence Time Range	The set schedule for when you want to be notified if your friend or family member is not at a specific location
Fence Trigger	Whether the fence is triggered when a person enters or exits the fenced location
Fence Trigger Timestamp	Date and time when the fence was last triggered
Fence Update Timestamp	Date and time when the fence was last updated
One Time Fence	Whether the fence is a one time only fence
